Hi Jennifer-

I'm hoping we can provide comments by September 26. Thanks.

The completion report was submitted by EOS back in May and I'm just getting around to providing my comments on that. That is what I sent you. I was just giving you the opportunity to add comments on the completion report since I'm asking them to finalize it incorporating the comments I'm providing in the letter.

I am close to finishing a draft memo supporting a No Further Action Source Control determination for the bank. Matt McClincy just informed me that he will handle distribution of that document for review.

So I'm confused. Is there going to be an SCE on the riverbank SCM?

Hi Jennifer-

Is this something you wanted us to review?

Eva and Matt

I'm attaching my draft comments on the completion report for the Evraz Oregon Steel Shoreline Source Control action. Let me know if you have any comments/questions. I plan to send this to them next week. I'm also working on the NFA memo supporting No Further Action for shoreline source control and will send that your way to review soon.

Appreciate your input - Thanks!
